RE: Derek Miller

To Whom It May Concern:

It is with great pleasure that I recommend Derek Miller. He worked at MountainStar Blood Services as a donor recruiter from June of 2006 to February of 2008. Derek isn't an average employee. He always does more than is expected of him. He approaches his job with creative flair.

Derek has always displayed a high degree of integrity, responsibility, and ambition. He is definitely a leader rather than a follower. He possesses the skills necessary to motivate others. He has proven his marketing ability through his performance as a recruiter by increasing blood donations.

Derek has demonstrated excellence in community service through his work with blood donors in our community. He was given an award as a BYU Committed Community Partner in 2008 for his dedication to the student donors and for providing a positive experience for them. He greeted donors and co-workers with a smile and positive outlook.

He is also a dependable team player. His good judgment and mature outlook ensure a logical and practical approach to problem solving. He is somewhat of a perfectionist which lends to his quality work. I'm positive that Derek will be successful in any job of his choosing. He is a very capable person. His potential for the future is limited only by his desire.

Derek would be an asset to any organization.

Sincerely,

Marilyn Peralta
Executive Director of Blood Services
